

Squirrels

National Trust Membership

The Squirrel Section, Scouts NI, has joined the National Trust on your behalf.

- This membership is under the Education Group scheme and means that every Drey can receive free entry to National Trust places during published opening times. Places to visit in Northern Ireland can be found at this link <https://www.nationaltrust.org.uk/features/places-to-visit-in-northern-ireland>
- Education Group members must show the original valid membership card when visiting to avoid normal admission fees being charged, photocopies of the card are not acceptable.
- The membership card will be held at the NI Scout Office and can be collected Monday to Friday, 9.00 am to 5.00 pm. Before booking your visit, please contact the NI Scout Office to check availability of the membership card, 028 9049 2829.
- All visits must be booked at least seven days in advance quoting Membership Number 339102654.
- Education group membership entitles the holder to free admission only and not to free use of the National Trust's educational services - where special education activities are offered by a place, additional charges may apply.
- For your legal protection, all education groups must provide evidence that they have public liability insurance with a minimum £5m indemnity limit and must ensure their insurance cover is valid when they visit.
- Leaders may make a free, preparatory visit to a property for planning purposes. These visits must be booked in advance and any accompanying adults or children are subject to normal admission rates.
- The number and size of groups admitted to a site at any one time are at the discretion of the property manager.
